

## KUBIK SLIM ASY LED

Outdoor luminaires

The luminaire is intended for lighting passages, roads next to buildings, fences etc. Optical system based on lenses with asymmetrical distribution. The body is made of aluminum painted with special facade paint which is resistant to bad weather conditions. Energy-efficient fitting made of component parts produced by renowned companies. Ergonomic shapes of the fitting enable the application of the Kubik-type fitting almost in every building. The assembly and accessibility of the internal parts are very easy. The fitting is featured by a high level of protection against the penetration of solids and water: IP65. The fitting has a low height. Stands out of the building wall only 5 cm.

## Main parameters:

| Name                      | Luminous flux LED [lm] | Power of luminaire [W] | Color [K] | Dimensions A x B x H [mm] |
|---------------------------|------------------------|------------------------|-----------|---------------------------|
| KUBIK SLIM ASY LED 4X1,7W | 608                    | 10                     | 4000      | 120 x 52 x 120            |

## Technical drawing:

## Light and electrical features:

|                                  |                       |
|----------------------------------|-----------------------|
| Light source                     | LED                   |
| Voltage                          | 220..240 V, 50..60 Hz |
| Lifetime of LED sources [h]      | 50000                 |
| Lx/By                            | L70/B50               |
| CRI                              | >80                   |
| SDCM (LED sources)               | 5                     |
| Operating temperature range [°C] | -25 ÷ 30              |
| Driver                           | standard on/off (E)   |
| Power factor cos φ               | >0,5                  |

\* Variant to specify when ordering

## Mechanical features:

|          |  |
|----------|--|
| Assembly | mounted on wall  |
| Material | aluminum   |
| Color    | RAL 9005 (black)<br>RAL 9006 (gray, metallic, fine structure)<br>RAL 7016 (anthracite, metallic, fine structure)<br>RAL 9016 (white) * |
| Diffuser | transparent polycarbonate  |

Note: The power shown refers to the whole system (tolerance +/- 10%).  
The given luminous flux refers to LED light sources (tolerance +/- 10% depends on the value of the colour temperature).  
Technical data may be changed. Photos of the luminaires may differ from reality.
