

Product: X-LINE SLIM L-DOWN LED 5200 MICRO-PRM E 21 840 / L-2258MM S-1,5M Index: 19.4089.6721.21

Description

The luminaire is made of aluminum profile. There is only lower half-space light distribution (L-DOWN). Comparing to the traditional X-Line LED, size of the luminaire has been reduced, and all construction has been closed in a narrow 48 mm profile, which gives now a more elegant form of the product. The X-Line Slim uses a PLX or Micro-PRM opal diffuser or lenses. All of this allows to manipulate light and create lighting systems, facilitating the creation of comfortable vision in the interiors and their aesthetic appearance. The X-Line Slim luminaire is designed for mounting on suspensions.

Product information	Category	Surface mounted lumin	aires	
	Family	X-LINE SLIM LED		
	Index	Index 19.4089.6721.21
