

**Product:** X-LINE SLIM L-DOWN LED 3250 OPTICS-WIDE EDD 21 840 / L-1425MM S-1,5M

**Index:** 19.4090.2423.21

## Description

The luminaire is made of aluminum profile. There is only lower half-space light distribution (L-DOWN). Comparing to the traditional X-Line LED, size of the luminaire has been reduced, and all construction has been closed in a narrow 48 mm profile, which gives now a more elegant form of the product. The X-Line Slim uses a PLX or Micro-PRM opal diffuser or lenses. All of this allows to manipulate light and create lighting systems, facilitating the creation of comfortable vision in the interiors and their aesthetic appearance. The X-Line Slim luminaire is designed for mounting on suspensions. \*Selected luminary variants are available with ENEC certificate.
