Product: X-LINE SLIM SURFACE LED 2200 PLX EDD 34 830 LINE-1EP / L-572MM Index: 19.4185.1213.34

Description

Luminaire for building long light lines made of aluminum profile. Comparing to the traditional X-Line LED, size of the luminaire has been reduced, and all construction has been closed in a narrow 48 mm profile, which gives now a more elegant form of the product. The X-Line Slim uses a PLX or Micro-PRM opal diffuser. All of this allows to manipulate light and create lighting systems, facilitating the creation of comfortable vision in the interiors and their aesthetic appearance. The X-Line Slim luminaire is designed for mounting on ceiling. Power supply connection only via EL-marked luminaire.

		Category	Surface mounted luminaires
		Family	X-LINE SLIM SURFACE LED LINE
		Name	X-LINE SLIM SURFACE LED 2200 PLX EDD 34 830 LINE-1EP / L- 572MM
	Index	19.4185.1213.34
