

Product: BERYL NEW LED K-1 1800 MICRO-PRM E 33 IP20/44 840 Index: 19.4030.2121.33

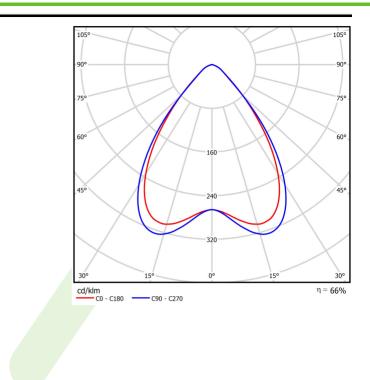

Description

Aluminum cast housing. This technology significantly increases possibility of application of particular luminaire due to lower ceiling load since additional cooling radiator is not required. Beryl New LED K has higher efficiency and efficiency than the previous version. Luminaire is dedicated for prestigious interiors such as hotels, banks and offices of higher standard. Owing to the newest components and renowned producers of LEDs applied it was possible to build such luminaires which save energy consumption comparing with traditional solutions. The luminaire has the ability to adjust the optics in two planes (in the vertical axis by 359° and to the left and right 15°). Note: the color of the frame and housing has a slightly different shade than the color of the inner reflector cover.

Product information	Category	ategory Recessed luminaires	
	Family	BERYL NEW LED	К
	Name	BERYL NEW LED	K-1 1800 MICRO-PRM E 33 IP20/44 840
	Index	19.4030.2121.33	
		CE	
Light and electrical data	Light source	ce	LED
